

# Houghton Falls Nature Preserve Bow Hunting Permit

## Town of Bayview, Bayfield County

In addition to abiding by all state laws, regulations and permits, bow hunting in Houghton Falls Nature Preserve requires a town permit. Permit application must be submitted at least 30 days prior to the hunting season.

Up to five hunting permits, each for a two week period may be issued annually. Only one permit will be issued per two week period. The cost for administrative processing fee will be \$15.00.

We are encouraging a solitary bow hunting experience, so we are permitting only one person to bow hunt at a time. Tree stands cannot damage trees and cannot be permanent. All tree stands and hunting shall be south of the ravine.

Hunter is liable for any injuries to people, dogs or property.

Permit shall be a signed by the hunter denoting liability.
